

Wills at Work

Most people know how important it is to make a Will but many people can not find the time to visit a lawyer. Our '**Wills at Work**' service allows us to collaborate with local businesses and their employees to resolve this issue by creating time during work hours.

Our service is completely free to employers and provides the opportunity to add real value to employee benefits. It allows employees and their family to put a plan in place and to obtain the peace of mind in knowing that everything is taken care of for them and their families if something were to happen. We provide this estate planning service through an efficient and easy process at a reduced cost.

The Process

- ▶ **Step 1 (Optional):** We provide a complimentary session for your team to explain the basics of estate planning and our process.
- ▶ **Step 2:** Your team members schedule a time to meet with us either on-site or at our office.
- ▶ **Step 3:** We work with your team members to accomplish their estate planning goals.
- ▶ **Step 4:** Your team members schedule a signing appointment to finalise their estate planning documents.

Contact Us

If you would like more information about our Wills at Work service or would like to schedule a time for your workplace, please contact our office on 8523 8400 (Gawler) or 8211 6500 (Adelaide). Alternatively, you can send an email to legal@rudalls.com.au and we will contact you.
